Occupational Dog Bite Safety Talks

030.18.1

(Bulli Ray) (60 minutes)
(DVD) (English)

This DVD has 12 different topics on dog bite safety. Each topic can be viewed separately by clicking on a topic. The following topics are included:

1. Site evaluation
2. Entering the yard
3. Approaching the front door
4. Inside the home
5. Interacting with the customer
6. Fence and barrier syndrome
7. Reading canine body posture
8. You're in the yard but can't get out
9. Man stopper breeds
10. Self-defense from an individual dog
11. Self-defense from a pack of dogs
12. What to do when you've been bitten

Eye Safety

Understanding Eye Safety at Work

200.13.1

(Vocam) (18 minutes) (DVD) (English)

Thousands of workers suffer eye injuries in the workplace each year. Following proper procedures and wearing the correct PPE can easily help prevent many of these accidents. This 18-minute

training video covers all aspects of eye safety for employees. **WARNING:** This program contains graphic re-enactments of accidents that may offend some viewers.

Lockout/Tagout

Lockout/Tagout...Would Have Saved His Life **310.07.1**

(Aurora Pictures) (20 minutes) (DVD) (English)

This program immediately grabs the viewer's attention with the true story of a man killed in a workplace mishap that would have been prevented by lockout/tagout. The video provides a comprehensive overview of the following information:
The purpose of lockout/tagout
Employee roles and responsibilities
The purpose and contents of an Energy Control Plan

PPE

PPE Essentials

360.03.1

(Vocam) (24 minutes)
(DVD) (English)

The failure of employees to wear PPE, use PPE properly and use compatible PPE results in accidents and fatalities that cost companies millions per year. If employees understand and follow the principles of PPE safety, the risk of serious injuries can be greatly reduced. This 24-minute video provides training to help educate new

employees and refresh existing employees on proper PPE care and use.

Safety Accountability

The Meeting Opener Collection-Volume I 400.13.1

(ERI Safety Videos) (4 to 7 minutes each) (English)

Five meeting openers on one DVD

Will You Be Here Tomorrow?

This eye-opening meeting opener will capture your employees' attention and show them just how easily workplace injuries can happen. Featured are 10 accident reenactments along with actual worker testimony to set the tone for your next safety meeting. Length: 4 minutes

The Widow Maker

This dramatic meeting opener focuses on the saga of John Spencer, a maintenance worker dedicated to safety. In fact, he had just won the monthly safety award at his plant. Unfortunately, John was killed at work before receiving the award after taking a shortcut. His widow makes an emotional plea to his co-workers to always work safely when she accepts the award on his behalf. Length: 7 minutes

Think About This!

The graphic accidents reenacted in the program will force your employees to think about the personal consequences of unsafe acts and how those actions also affect the lives of their loved ones. Length: 4 minutes

Thank You

Everyone needs positive reinforcement. In this unique presentation, friends and family members say "thank you" to employees who have helped keep their loved ones safe by correcting hazards, speaking up about unsafe acts and participating in the company's safety program. Length: 4 minutes

Better Late Than Never

This compelling meeting opener shows how taking a shortcut to save time can have devastating consequences for you and your loved ones. Every Saturday, Ted missed his son Brad's little league baseball games because he had to work. When Brad's team made it to the championship game, Ted promised Brad he'd be there. On the day of

the game, Ted had to decide whether to bypass a series of safety rules during a maintenance procedure so he could get to the game on time or follow the rules and arrive late. Viewers will see how the right choice allowed Ted to see Brad play and how the wrong choice cost him his life. Length: 5 minutes

Slips, Trips & Falls

Height Safety Essentials

420.15.1

(Vocam) (21 minutes) (DVD) (English)

This DVD provides a basic overview of fall prevention measures using case studies and dramatizations to address the following:

- Fall hazards Control measures
- Scaffold safety
- Fall arrest systems
- Ladder safety
- Elevated platforms

The presentation provides a good review for all operations employees and supervisory personnel.

Water

Water and Energy: A Powerful Connection

520.37.1

(ACWA) (30 minutes) (DVD) (English)

In this Episode of *California's Water*, Huell Howser travels to opposite ends of the state to see how two agencies-Sonoma County Water Agency and the Inland Empire Utilities Agency-are doing their part to reduce grid energy consumption by converting sunlight and cow manure into usable energy.

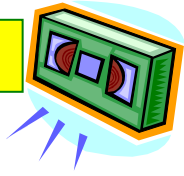

Living with Nature

520.38.1

(ACWA) (30 minutes) (DVD) (English)

This DVD focuses on innovative approaches to restoring habitat and addressing invasive species. Huell visits two Northern California locations, Butte Creek and Clear Lake, to view majestic spring-run Chinook salmon in a restored stretch of habitat and see what water agencies and wildlife officials are doing to keep destructive quagga mussels out of lakes and reservoirs.

Here's what members are saying about videos!

👍👍👍=Very Good 👍👍=Good 👍=Fair

Gung Ho! (Teamwork) (180.22.1F)

👍👍👍 This video was used for a management workshop and was very useful. It generated a lot of participation.
Carmichael Water District

Accident Investigation (Accident Investigation) (010.05.1)

👍👍👍 San Gabriel County Water District

Planning for Disaster: Earthquakes (Emergency Preparedness) (170.05.1)

👍👍👍 These video's help us get better and better with our emergency drills.
Crescenta Valley Water District

Water System Security: SCADA and Cyber Protection (Safety Programs) (410.20.1)

👍👍👍 Really good information for this day and age.
Cachuma Operations & Maintenance Board

Forklifts: Operator Safety (Forklift Safety) (230.11.1F)

👍👍👍 Palmdale Water District
