Forklift Safety Essentials

230.14.1

(Vocam) (26 minutes) (DVD)
(English)

WARNING! The graphic nature of this video may not make it suitable for all viewing audiences. A forklift is a powerful and safe tool when used well by a trained operator. However, forklift safety is often not well understood by many operators and this can increase the risk of accidents. Every year pedestrians and operators are killed and injured as a result of unsafe forklift operation. Topics covered are: checking for safety, the operating environment, forklift attachments, refueling and recharging, traveling and traffic controls, lifting and moving loads, and parking the forklift.

Heavy Equipment

Bucket Truck Safety

280.34.1

(Aurora Pictures) (13 minutes) (DVD) (English)

This training DVD covers critical material your bucket/boom operators need to stay safe, including: truck inspection and maintenance, the most common bucket truck hazards, fundamental precautions, fall-arrest systems, setting up at work sites, and working in the bucket. Bucket trucks make jobs at high elevations easier, but if they are not operated safely major accidents can occur.

Teamwork

TEAMWORK: What's Trust Got to Do with It?

480.22.1

(Video Visions, Inc.) (19 minutes) (DVD) (English)
(Spanish)

This program follows a team which is stuck and unable to move forward on a crucial project. One team member, Walter, is especially frustrated, blaming the other team members for the lack of progress. His office co-worker, Sean, suggests that the underlying problem may be a lack of trust. He guides Walter through the building blocks of trust: openness, credibility, and respect.

Underground Safety

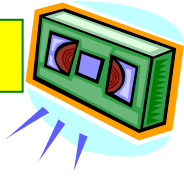

Introduction to Pipe and Cable Locating

110.04.1

(Schonstedt Instrument Company) (22 minutes)
(DVD) (English)

This informative instructional video takes you through all the steps of underground locating; location methods covered include direct connection, induction and passive. Included are tips and tricks from locating experts in the field. The DVD also contains diagrams and still photos that can be copied for staff training.
