Forklift Safety The Forklift Workshop 230.15.1FE

(J.J. Keller) (37 minutes) (DVD)

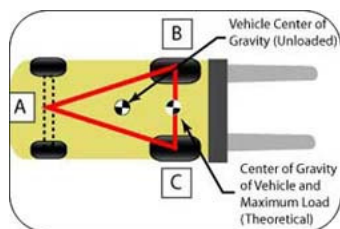

This DVD is a new innovative approach to educating forklift operators, new and veteran on proper forklift safety procedures, as required by OSHA's 29 CFR Section 1910.178(l). You will watch proper forklift

techniques in action. The training covers forklift basics, inspecting your forklift, picking up a load, traveling with a load, placing a load, working in a truck, trailer or railcar, charging and refueling, and much more.

Forklift Safety: The Triangle of Stability 230.16.1

(Wumbus) (10 minutes) (DVD)

This training presentation educates forklift

operators on how to safely maneuver their vehicles. It focuses on all aspects of forklift stability, including the stability triangle, working with different surfaces,

carrying loads properly, proper braking techniques, preventing property damage, and how to move through any environment safely. Also, easy-to-remember tips for safe everyday use of forklifts will be offered. After watching this presentation, operators will know what to be aware of when they

operate their forklift, and how to avoid dangers in their working environments.

Forklift Safety: Real Accidents, Real Stories 230.17.1

(Wumbus) (12 minutes) (DVD)

Viewers will hear thought-provoking stories of real forklift incidents and the far-reaching effects such incidents can have. In the midst of these stories, the video will discuss

preventing injuries, accidents, and property damage during the use of forklifts. After hearing the real stories presented, employees will see the impact of how ignoring general forklift safety and awareness procedures as well as OSHA standards can be fatal.

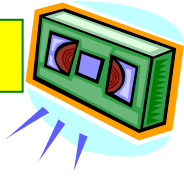

Water

Water Supply Reliability through Innovation 520.45.1

(ACWA) (30 minutes) (DVD)

This DVD focuses on the innovative and diverse ways San Diego-area water agencies are increasing their local water supplies and reducing their dependence on imported water. Huell Howser visits the San Vicente Dam, which is being raised to more than double the current storage capacity of the reservoir behind it; checks out a local desalination plant removing the salt from groundwater; and explores how wastewater is being recycled into clean drinking water.

Here's what members are saying about videos!

👍👍👍=Very Good 👍👍=Good 👍=Fair

Chlorine Safety Video (Chlorine) (070.01.1)

👍👍👍 Solano Irrigation District

Locating Best Practices (Underground Safety) (110.22.1)

👍👍👍 Amador Water Agency

Asbestos Cement Pipe Safety (Hazardous Materials) (250.41.1)

👍👍👍 Excellent refresher video.
Montecito Water District

The Continuous Performance Appraisal: Coaching is the Key (Performance Appraisals) (180.12.1)

👍👍👍 San Gabriel County Water District

The Ultimate Driving Challenge (Driving Skills) (150.41.1)

👍👍👍 Rowland Water District

Driving in the Rain (Driving Skills) (150.61.1Q)

👍👍👍 Saucelito Irrigation District

Fish! (Teamwork) (130.10.2F)

👍👍👍 Kings River Conservation District

Seizure First Aid (First Aid) (220.03.1)

👍👍👍 Reclamation District #999

Safety Awareness (Safety Accountability) (400.02.1)

👍👍👍 Woodbridge Irrigation District

Truck Mounted Articulating Knuckle Boom Cranes (Cranes and Hoists) (120.12.1)

👍👍👍 Chino Basin Water Conservation District

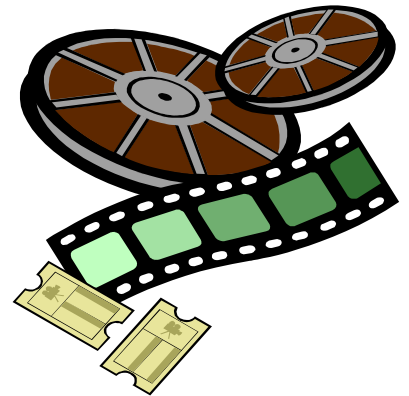

Heat Stress: Don't Lose Your Cool (Heat Stress) (270.05.1FE)

👍👍👍 OUTSTANDING-The best of your heat stress videos.
Wheeler Ridge- Maricopa Water Storage District

The Outdoorsman Guide to Snake Safety (Animals and Insects) (030.04.1)

👍👍👍 Idyllwild Water District
