Volume 12, Number 6
By Jody Murphy

June 2010

Animals and Insects **Occupational Dog Bite Safety** **030.07.1** (Bulli Ray) (17 minutes) (DVD)

This DVD is packed full of very useful information for training employees to work safely around the

dogs they will encounter. The information is from years of working with field services and employees it covers all questions and concerns you may have in a short amount of time. A few of subjects covered are; canine behavior, site evaluations, the difference between submissive and dominate dogs, self protection, and self protection devices.

Compressed Gases **Compressed Gas Cylinders** **090.08.1F** (Summit Training Source) (16 minutes) (DVD)

From the moment your employees witness the devastating effects of a compressed gas cylinder crashing through an eight-inch cement block wall, they'll have an increased awareness and respect for compressed gas cylinders. The video footage is relevant to all workers who handle and

work around gas cylinders. The program complies with OSHA 29 CFR 1926.350.

Confined Spaces **Confined Space: Risk and Responsibilities** **100.04.1** (Wumbus) (20 minutes) (DVD)

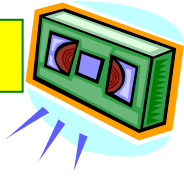

Confined spaces are responsible for many deaths every year due to lack of training. This DVD teaches employees the risks and responsibilities when working in confined spaces. Topics include: Observers role, awareness of different potentially hazardous chemicals, and maintaining your role.

Cranes and Hoists **Hoists and Slings** **120.06.1F** (Summit Training Source) (12 minutes) (DVD)

This program trains workers on proper sling inspection, selection and use to prevent material lifting accidents at your site. It covers a wide range of uses for hoists and slings in different industries. Types of hoists featured include: hand operated; air or electric powered wire rope; electric chain operated; and vacuum powered.

Here's what members are saying about videos!

👍👍👍=Very Good 👍👍=Good 👍=Fair

Understanding Eye Safety at Work (Eye Safety) (200.13.1)

👍👍👍 West Side Water District
