

NOMINATION FORM

H. R. LABOUNTY SAFETY AWARD PROGRAM

AGENCY: Humboldt Community Services District

Employee Nominated:

Name: Darren Toland

Job Classification: Maintenance Utility 3

Reason for Nomination: Darren designed and fabricated the hose reel for the Districts sewer bypass pump. With minimal instruction, this project was completed very timely and very professionally. There is now approximately 400' of hose on the reel ready to be deployed at a moments notice. This can be done more effectively and safely with two people, one towing the pump and the other taking care the hose is placed precisely where it needs to be. The suction hoses and manhole covers are also mounted on the trailer. This allows for a very quick response in the case of a blocked sewer main. As shown in the pictures, the craftsmanship is very unique and professional.

Nominated by: Kevin Pelascini

Signature:

A handwritten signature in black ink, appearing to read "K. Pelascini", is written over a horizontal line.
