

# SPLASH ALERT

## PRODUCT STOP USE AND RECALL/REPLACEMENT NOTICE

### DBI-SALA® Lad-Saf™ Sleeve

A Lad-Saf™ Sleeve is part of a permanently installed ladder safety system. It is designed to be used with different styles and lengths of ladders on structures like wind turbines, communication towers, WATER TANKS, buildings, and more.

Please see the important Notice from Capital Safety/3M regarding the Lad-Saf Sleeve.

**Click here to read the notification from 3M:**
