Dear Mr. Sells:

The Membership Practices Committee and I are pleased to announce that *AGRiP Recognition* is being awarded to the Association of California Water Agencies/JPIA as being in general compliance with *AGRiP's Advisory Standards* for public entity pools. Your *Recognition* will be effective for three years beginning May 10, 2016.

A plaque evidencing this *Recognition* will be presented at the upcoming AGRiP conference of your choice –the CEO and Senior Staff Institute August 7-10 in Coronado, California; the Fall Educational Forum, October 2-5 in Denver; or the 2017 Governance and Leadership Conference in Orlando from March 5-8. Please communicate your choice to Michelle Carter ([mcarter@agrip.org](mailto:mcarter@agrip.org)) at your earliest convenience.

Please keep in mind that *AGRiP Recognition* is not a guarantee that your pool is appropriately managed or that it is financially solvent and should not be represented as such.

I trust that your efforts to comply with the *AGRiP Advisory Standards* helped improve your operations and your ability to meet the needs of your members. Each person involved with achieving this *Recognition* is to be commended for earning this special status. I hope that you and they will continue to seek and meet high standards for administration of your pool.

Yours truly,
