

# H. R. LABOUNTY SAFETY AWARD PROGRAM NOMINATION FORM

Agency: El Dorado Irrigation District

Employee Nominated:

Name: Mike Dixon & Mitch Wydeveld

Job Classification: Electrical & Instrumentation Technicians

**Reason for Nomination:** Mike and Mitch recognized an industrial ergonomic hazard associated with pulling heavy electrical cables from submersible pumps up a steep embankment. They fabricated and installed cable spools on the embankment to facilitate a safer method of retrieving and not damaging the pump cables using a motor driven winch. Cabling is approximately 3" in diameter, 220 feet in length, 6 lbs. per foot, and presents an awkward load. Their solution significantly reduces the potential for industrial musculoskeletal and slip, trip, fall injury.

Nominated by: Dana Strahan

Signature:

Date: 8/21/15

General Manager: Jim Abercrombie
