

H. R. LABOUNTY SAFETY AWARD PROGRAM

NOMINATION FORM

Agency: Moulton Niguel Water District

Employee Nominated:

Name: Aaron Gonzalez, Dan Martinez

Job Classification: Water Systems Operators

Reason for Nomination:

MNWD has facilities located on four of the golf courses located within the District's boundaries. MNWD employees regularly work next to fairways and driving ranges which puts our employees in harms way of golf balls. Recently while an employee was working at one of these facilities he was struck in the head with an errant golf ball. He suffered an injury which resulted in staples in his head. Aaron and Dan acknowledged the risk of employees working on the golf courses properties. They corrected the risk by fabricating a portable safety net which can be quickly assembled and disassembled. Additionally employees are now required to wear hard hats while working at these facilities. In conclusion employees can now work on the golf courses without the risk of being struck and injured by golf balls.
