FAX: (916) 774-7040

Name of Nominated Employee: Anthony Fonseca, Sys. Collection Wkr I
Craig Durban, Sys. Collection Worker II

Reason for Nomination:

Craig & Anthony constructed a wash off grate that allows the Collection crew to wash off the camera over the manhole. This process now keeps all sewer contaminates out of the street & out of possible public contact. It also serves as a cover over the open manhole while work is being performed. This is a preventative safety measure as it prevents tools or even someone from falling into the open hole. The materials used to construct this grate was scrap material left over from another job they found in the yard.
