Anthem Classic PPO, Advantage PPO, and Consumer Driven Health Plan Participants:

ACWA JPIA is pleased to announce expanded options for purchasing maintenance medications.

Maintenance medications, after two 30-day retail fills, must be filled as a 90-day supply through MedImpact Direct Mail Order. Many members consider the MedImpact Direct Mail Order program to be an easy, convenient, and cost effective way to receive prescriptions.

As an **alternative to mail order**, a 90-day supply of maintenance medication may be covered at the following retail pharmacies.

**Albertsons, Costco, Pavilions, Ralph's, Safeway, Sam's Club, Walmart, Vons**

The copay for a 90-day supply is two times the 30-day supply copay, just as it is with mail order.

If you wish to transfer a prescription from MedImpact Direct Mail Order to one of these retail pharmacies, you can follow these steps:

1. Take your medication bottle, package or label to one of the approved pharmacies and request the prescription be transferred from MedImpact Direct to the retail pharmacy.
2. Go to your account at [www.medimpact.com/jpia](http://www.medimpact.com/jpia) and confirm that any upcoming orders or refills with MedImpact Direct are cancelled or deleted.

If you have any questions, please feel free to call ACWA JPIA at 800-736-2292 or MedImpact at 888-728-5056.

Yours in good health,

*ACWA JPIA Employee Benefits*
