

Have your long-term medications sent to your home with CarelonRx Pharmacy

How home delivery benefits you

Convenience. Your medicine is delivered directly to your home or any place you choose.

- Manage your prescriptions with the SydneySM Health app or at [anthem.com/ca](https://www.anthem.com/ca).
- Expect first-time orders to take about five days to process. Refills usually take just two days. Standard shipping time varies between 3–5 days.
- Track your order.
- Set up reminders and automatic refills, too.

Safety. All orders are checked by a licensed pharmacist before shipping. Our discreet packaging is:

- Tamperproof
- Temperature controlled, if needed
- Weatherproof

Peace of mind. You're less likely to miss a dose and more likely to stay on track with the treatment your doctor prescribed when you switch to home delivery. You can also talk, text, or chat 24/7 with a trained pharmacist if you have questions or need help.

Hassle-free service. CarelonRx Pharmacy will contact your doctor to order a new, 90-day prescription if you need one. If a medication preapproval is needed, the home delivery team will reach out to you for consent before shipping your medication.

Savings. Many medications cost less when you fill a 90-day supply instead of three 30-day supplies. Standard shipping is always free. With CarelonRx Pharmacy, you can also learn about lower-cost options to save money.
