

Connect with the resources you need through our quick health assessment

Our new and improved My Health Check-in helps you manage your overall health

Your time is valuable and so is your health. To support your overall well-being, a short assessment will provide customized recommendations about ways to improve your health. We'll share information about programs that can help reduce health risks, achieve your goals, and even prevent future health issues.

Your health is just one part of the bigger picture of your life. We know that other challenges can influence your overall health. As part of our whole-health approach, we'll share program options that can help with:

- Worries about the cost of doctor visits.
- Lack of transportation.
- Not having enough food.
- Worries about housing.
- Stretching your budget.

My Health Check-in is **85% shorter** than the old health assessment. On average, it takes just five minutes to complete.

Take the assessment

Complete your My Health Checkin through the SydneySM Health app or [anthem.com/ca](https://www.anthem.com/ca).

Together, we can address the unmet needs you face every day.
