**Notes:**

- Your plan requires the selection of a Primary Care Physician (PCP). Choosing a PCP is an important decision. Call us at the number on your ID card and we'll help you pick a doctor. Additionally, a referral from your Primary Care Physician (PCP) is required for Specialist care and most other providers for select covered services.
- If you have an office visit with your Primary Care Physician or Specialist at an Outpatient Facility (e.g., Hospital or Ambulatory Surgical Facility), benefits for Covered Services will be paid under "Outpatient Facility Services".
- Costs may vary by the site of service. Other cost shares may apply depending on services provided. Check your Certificate of Coverage for details.
- Coverage includes standard fertility preservation services as a basic healthcare service including but are not limited to, injections, cryopreservation and storage for both male and female members when a medically necessary treatment may cause iatrogenic infertility. Member cost share for fertility preservation services is based on provider type and service rendered.

*This summary of benefits is a brief outline of coverage, designed to help you with the selection process. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the formal Evidence of Coverage (EOC). If there is a difference between this summary and the Evidence of Coverage (EOC), the Evidence of Coverage (EOC), will prevail.*

*Anthem Blue Cross HMO benefits are covered only when services are provided or coordinated by the primary care physician and authorized by the participating medical group or independent practice association (IPA); except OB/GYN services received within the member's medical group/IPA, and services for mental and nervous disorders and substance abuse. Benefits are subject to all terms, conditions, limitations, and exclusions of the EOC.*
