

Health & Safety Precautions at the JPIA CUEMA Leadership Summit

JPIA is committed to implementing intentional health and safety operating practices at our event in light of the COVID-19 pandemic. We will work in accordance with guidelines of the Omni La Costa Carlsbad, the San Diego Public Health Department (SDPHD), and Cal/OSHA to ensure the safety of all attendees and staff at the event. As such, we will revise our procedures as needed to reflect the current state of the pandemic, promoting healthy best practices during high-risk and low-risk time periods alike.

How We're Planning to Keep You Safe

Our plan is evolving, and we want to be clear that we will make any necessary pivots to be fully prepared at the time of the Summit. Although plans can't be finalized until we are at the Summit, know that we're committed to going above and beyond standard requirements to deliver you a safe event where your focus can be on learning and networking. Here's what we have planned:

Responsible Food & Drink Service

We'll provide you with your conference "fuel" in a safe and effective way so that you can focus on enjoying the event. Some meals will include grab-and-go options, while others will offer socially distanced seating. Dining spaces will be outdoors and distanced.

Masks

Per CDC and SDCPH, masks are recommended for everyone while indoors, whether they've been vaccinated or not. As such, we recommend that all attendees wear a mask and require that all those who are unvaccinated wear a mask at all times. Masks will be available on-site for your convenience.

Programming

This year's Summit will be a high quality, interactive experience you have come to expect from JPIA and CUEMA events, but in smaller group sizes with socially distant spacing. Class activities may be modified to require less physical contact between participants.

How You Can Keep Others Safe

- By registering to attend the Summit, you are agreeing that you will comply with any/all health and safety protocols that are established by JPIA, the Omni La Costa Resort, and/or state and local health officials. Any updated requirements will be communicated before and during the conference. We appreciate your flexibility and compliance with the protocols.

- Embrace the elbow bump! Avoid handshakes and respect your fellow attendees' comfort level.
- Stay home (or in your hotel room) if you have tested positive for COVID-19, are waiting for COVID-19 test results, have COVID-19 symptoms, or if you have had close contact with a person who has tested positive for or who has symptoms of COVID-19.

How The Hotel Is Keeping You Safe

The Omni Hotel chain has implemented a health and safety plan and updated business operations which addresses how they're handling topics like employee screening, surface cleaning, and more. Access their [Omni Safe and Clean](#) site to learn about things to know as you prepare to visit.
